

## Onejiru - Higher than high (Album Lyrics)

### 01 - Soulfood

Soul Food for I and I  
Soul Food for you and you  
Soul Food for the universe  
We can heal this world with music  
We can heal this world with music  
Soul Food for I and I  
Soul Food for you and you  
Soul Food for the universe  
We can heal this world with music  
We can heal this world with music  
For love first love  
For your first love first love  
For love first love  
For your first love first love  
For your first love first love  
Soul Food for I and I  
Soul Food for them, you and you  
Soul Food for the universe  
We can heal this world with music  
Soul Food for I and I  
Soul Food for you and you  
Soul Food for the universe  
We can heal this world with music  
We can heal this world with music  
We can heal this world with music  
For your first love first love

### 02 - Jerusalem

Jerusalem is a mother  
Fighting for her kids  
Jerusalem is a father  
Uprising sweat and tears  
Jerusalem my sister

waiting for a new dawn  
Jerusalem my brother  
Love one another

I love you indeed  
I love you indeed

Can you see  
The devastating power of gun  
Tell me  
Who loves to suffer?  
We all  
Can break down those mental chains  
We are one  
Oh people, we are one

I love you indeed  
I love you indeed

Aiye  
Aiye  
Aiye  
Aiye mama

Jerusalem is a mother  
Fighting for her kids  
Jerusalem is a father  
Uprising sweat and tears  
Jerusalem my sister  
waiting for a new dawn  
Jerusalem my brother  
Love one another

I love you indeed  
I love you indeed

**03 - Stop foolin'**

I say, I say, I say  
I say the revolution will be televised (mhhh)  
Think about your life  
Oh you would also love to be free  
Would you witness injustice  
and don't act  
We have so many ways  
To raise our voices  
Speak out, spit it out

Stop foolin' me around  
Stop foolin' me around  
Stop foolin' me around  
Stop bothering me  
Stop foolin' me around  
Watch out!  
(Yeah)

What you do in Sudan  
What you do in Japan (aha)  
What you did is no way  
That what you did in Norway (aha)  
What you did is no way  
That what you did in Norway (aha)

Stop foolin' me around  
Stop foolin' me around  
Stop foolin' me around  
Stop foolin' me around  
Stop foolin' me around  
Stop foolin' me around. Listen  
Watch out!  
Watch out!

#### **04 - Higher than high**

On the dance floor

You meet those marathon men  
Smelling like Coco  
Wearing Chanel

Don't be afraid of pop music  
It lifts you higher than high  
Don't be afraid of pop music  
It lifts you higher than high

They sell millions  
In two bars  
We have two bars  
For millions  
Couch potatoes  
On a revolution mode  
Drop the keys someone  
Is going to use it

Don't be afraid of pop music  
It lifts you higher than high  
Don't be afraid of pop music  
It lifts you higher than high

On the dance floor  
You meet those marathon men  
Smelling like Coco  
Wearing Chanel

## **05 - Lazy in Love**

Are my legs  
Too short  
Is my skin  
Too black  
Will I be rich  
When I'm grown up  
There are so many things  
I didn't fulfil  
I've got admit that pressure really kills me

Coz sometimes I don't know where I belong

I shouldn't keep on  
Comparing myself  
With anybody  
Or everybody else  
I got love from those who I love  
And I'm too tired to keep on complaining  
It's just a matter of time  
And everything  
will be fine

What kind of shoes?  
A VIP is wearing today  
Hits the headlines  
What else matters anyway?  
Who cares about what you think?  
Who cares about what you need?  
Who cares about  
Your belly is empty?  
You got admit that pressure really kills you.  
You better drop that heavy bag and run!  
It's just a matter of time  
And everything will be fine

## **06 - I need a break**

I need a break  
Beyond commercial breaks  
Coz life is going on

Oh, I feel so torn  
No one can mend those broken pieces  
You are standing close to the edge  
Burning sun, fallin beyond the sea  
You know  
You were a promise

I need a break

Beyond commercial breaks  
Coz life is going on  
Coz life is going on

All the bees, birds, morality  
Died on your battlefields  
All what is left is a mess  
Instead of phoenix  
Smoke is rising  
Living on credit  
Guzzling we fade...

I need a break  
Beyond commercial breaks  
Coz life is going on  
Coz life is going on

Take a deep breath  
Show your heart is beating  
Stand for a bright  
Pass on a bright heritage  
bright heritage  
You run around  
run on a rampage  
run on a rampage  
like a fool

I need a break  
Beyond commercial breaks  
Coz life is going on  
Coz life is going on  
You run around  
run on a rampage  
run on a rampage

**07 - Balance**

The stage of life  
On which we are standing on  
Portraying ourselves  
Day by Day  
Defending our lives  
Carried away  
At the same time trying to  
Keep the balance  
Keep the balance

Stop torturing me  
For that love I gave to you  
All I gave to you  
is all I had  
My fist is on fire  
Ready to hurt you once more  
So don't you dare ask again  
what I am ready to fight for  
I just can feel how hatred  
is poisoning my veins  
I wish I never met you  
And I never will again  
I really thought our love is true  
But this love is quite sick  
I'm glad I can write this song  
To get rid of that pain

The stage of life  
On which we are standing on  
Producing ourselves  
Day by Day  
Defending our lives  
Carried away  
At the same time trying to  
Keep the balance  
Day by Day  
Keep the balance  
Keep the balance  
For the fools who guide the treasure  
The moon is so far away

## **08 - Zouk**

Ma bolingo  
Bolingo na ngai  
Ma bolingo  
Bolingo na ngai  
You are the light  
Oh a star  
Is shining through yours eyes  
You are my universe  
I'm spinning around  
Like a sad light  
Ma bolingo  
Bolingo na ngai  
Ma bolingo  
Bolingo na ngai

## **09 - Story of my life**

The story of my life  
They brought me to life  
They brought me to life  
They brought me to life  
The story of my life  
And called me ONEJIRU  
Brought me to Zürich  
Brought me to Rome  
The next thing they said to me  
Ami go home

The story of my life  
I come from Kenya  
Story of my life  
Graces to my grandma

Why don't you bring me to Oslo  
Bring me to New Orleans  
Bring me to Paris  
And Rabat  
Bring me to Oslo  
Bring me to Gaza  
Tel Aviv and Mombasa  
Tel Aviv and Mombasa  
Why don't you bring me to Oslo  
To New Orleans  
Maybe Paris  
Or Rabat  
Bring me to Gaza  
Tel Aviv  
I know Mombasa and Hamburg, too.

The story of my life  
You bring me to life  
The story of my life  
Call me ONEJIRU  
Bring me to Oslo  
Bring me to Gaza  
Tel Aviv and Mombasa  
Tel Aviv and Mombasa

## **10 - No place to hide**

Yes at least I know  
You once found me beautiful  
What you eat now for supper?

The door is now shut down  
Was long to open wide  
I pleased! Slashed! Down!  
I had no place to hide  
All I gave to you was genuine me  
You on my side  
Now I'm very close not far  
From losing my mind

I miss your eyes, your voices and your  
bad mood in the morning  
The dreams we shared, no cash and  
bags full of hope  
I'm sure we didn't match  
But I definitely gave a damn  
Now I'm very close not far  
From losing my mind  
Not far, far, far, far (uh yeye)

The door is now shut down  
Was long to open wide  
I pleased! Slashed! Down!  
I have no place to hide  
All I gave to you was genuine me  
You on my side  
Now I'm very close not far  
From losing my mind

## **11 - Shake some Action**

I will find a way  
To get to you someday  
Oh but I  
Baby I'm so afraid I fall  
Yeah  
Now can't you hear me call

Shake some action is what I need  
To let you bust out at full speed  
I'm sure it's you need  
To make it alright  
To make it alright

It's taken me so long  
To get where I belong  
Oh but I  
Please don't send me back that way  
Yeah

For I will make you pay

Shake some action is what I need  
To let you bust out at full speed  
I'm sure it's you need  
To make it alright  
To make it alright

If you don't dig what I say  
Than I will go away  
And I won't come back this way again  
No  
Coz I don't need a friend

Shake some action is what I need  
To let you bust out at full speed  
I'm sure it's you need  
To make it alright  
To make it alright

## **12 - Raindrops**

Raindrops on her fingertips  
She is writing a message for good  
A short moment of silence  
Her heart's pondering louder  
than thoughts  
A short moment of silence  
Her heart's pondering louder  
than words  
Raindrops on her fingers tips  
She is writing a message for good  
A short moment of silence  
Her heart's pondering louder  
than thoughts  
Teardrops on her fingertips  
She's writing her message for good  
A short moment of silence  
Her heart's pondering louder

than words

There's no one!

There's no one!

Raindrops on her fingers tips

She is writing a message for good
