

Higher Education

Higher, Higher, Higher
Higher Education
It breaks the chains
of a bad situation
Higher, Higher, Higher
Higher Education
It's an option for some
Make it free for everyone
Educate future generations

Hopelessness
Is thick in the air
Despair
Seems to be everywhere
Education
is the key
To unlock the door
To a better you and me

Ohh whoa

A little help
goes a long way
Opportunity for hope
and better days
Access for all is the only solution

Higher, Higher, Higher
Higher Education
let's break the chain
of a sad situation
Higher, Higher, Higher
Higher Education (higher education)
It's an option for some
Make it free for everyone
Educate future generations

Don't let
the world dim your light
Gotta stay up
Stay in the fight

If you believe in yourself
others will too
and help will find its way back to you
It's up to us
To find a way
Opportunity for hope
and better days
Access for all is the only solution

Higher, Higher, Higher
Higher Education
Let's make the change
In this bad situation
Higher, Higher, Higher
Higher Education (higher education)
It's an option for some
Make it free for everyone
Educate future generations

Higher, Higher, Higher
Higher Education (higher education)
Let's break the change
of a broke situation
Higher, Higher, Higher
Higher Education (higher education)
It's an option for some
Make it free for everyone
Educate future generations
